NICKNAME

OPERATIONS

Commands all AIA units throughout Europe, Middle-East and Africa.

The group is a multidisciplined information operations organization building and maintaining the Information Warfare weapons for the European theater.

The groups' airborne and ground-based personnel exploit and defend the information superhighways, develop and disseminate scientific and technical intelligence and provide a realistic training environment for the combat planners and decision makers for the European theater.

Air Force Order of Battle

Created: 19 Nov 2010
