EMBLEM

513 Organizational Maintenance Squadron emblem: On a disc azure, three pairs of wings elevated and conjoined in leure in pale, or, a straight open-end wrench palewise throughout argent handle to base bearing three explosive rivets each palewise gules, all within a diminished border of the third above and below the disc two scrolls of the first, the one above inscribed Unity and Honor in gold letters. **SIGNIFICANCE:** Ultramarine blue and golden yellow are the Air Force colors, and wings are emblematic of the Service. The wrench and rivets indicate the overall maintenance support mission of the unit and the three pairs of wings refer to the major areas and type of aircraft serviced. The blue field, gold elevated wings and white and red in pale simulate the color and design in the USAFE emblem. (Approved, 22 Jun 1973)
